Town Historian	John Hopkins

When you read the Canadice Town Court reports, you would believe Canadice people ignore all traffic laws. The real fact is, the natives are real law abiding. New York State Route

15A crosses the western half of the Town of Canadice, Hemlock to Springwater, Bald Hill Road. Over this desolate highway travels the north and south traffic of the state. Speeders are easily picked up and ticketed. It is all open road and motorists pick up speed. All these cases are heard in Canadice Court and it looks bad for the motorists of Canadice who are seldom involved.
